Sir,

FERRIES - South Kanara District - Mangalore Taluk - Bappanad and Hejmady Villages - Kodi Ferry - Extension - Limits - Proposals submitted.

The Panchayat Board, Mulki proposes to maintain a public --- ferry at Bappathota in Bappanad Village, Mangalore Taluk to connect Bappanad and Hejmadi Villages. Enquiry shows that a public ferry at the place is quite essential for the benefit of the public, that some private boats are plying at the place for the transhipment of persons across the ferry and that much inconvenience is caused to the public by the private management of the ferry. It is found that this locality is within a distance of about 1000 yards from the Kodi Ferry which was declared as a public ferry in Government Notification dated 10-1-1879 published at page 49 of the Fort St.George Gazette dated 21-1-1879. This ferry is now maintained by the Panchayat Board, Mulki, as per G.O.No.Ms.2084 dated 30-9-40.

I therefore propose to extend the southern limit of the ferry so as to include the site of the proposed ferry and submit revised 7 infra draft notification with a sketch for favour of sanction. The -- ferry contractor will have to maintain separate boats at these two places. As the ferry is already an existing one, the publication of the scale of tolls to be levied is not required.

5. infra 2. The resolution of the Panchayat Board, Mulky in the ma is enclosed.

The notification of 1879 at page 49 of the Fort St. George Gazette, dated 21-1-1879 defines not only the limits of the Kodiferry but also of other ferries in the South Kana district. Again that notification fixes the fees payable f the conveyance of passengers, etc. across the ferries. The intention of the present draft is merely to redefine the limits of the Kodiferry and not of the other ferries. It

(iii) transfer to another post or to foreign service or the discharge or reversion of an officer solely on any one of the grounds specified in clause (iii) of sub-rule (*f*) of rule 3 of the general rules for Subordinate Services shall not operate as a break provided that but for such transfer, discharge or reversion the officer would have continued to hold the post concerned."

does not also appear to be the intention to supersede the notification so far as it relates to the scale of fees payable for the conveyance of passengers, etc. across the ferries. The previous notification should not therefore be superseded but only modified in so far as it defines the limits of the Kodi ferry. The draft notification may be recast as at flag (J).
